

HBE-700D

IP Public Intercom Station

The HBE-700D is an IP-based public intercom station. Installed in the public area, user can simply press the intercom button to call HBI-1100 management console. The HBE-700DD can be equipped with Mifare RFID for centralized access control.

Features & Benefits

- Wide angle, high quality CMOS camera
- Elegant industrial design with plastic ABS frame and tempered acrylic front panel
- Wall-mount installation on 1-gang junction box with only 13mm outlook thickness
- LED illumination during intercom for night vision
- Supports IP network architecture, works with HBI-1100 intercom console
- Automatic snapshot during intercom for further verifications
- Management console can monitor camera video from HBE-700D
- Embedded RFID reader (Mifare 13.56MHz) for networked access control

Technical Specifications

Hardware Parameters

- Power 12-24V DC (Passive PoE)
- Camera CMOS wide angle
- Operating Power 4.5W
- Standby Power 0.5W
- RFID Mifare 13.56MHz
- Network RJ-45 Ethernet
- I/O Lock/Open
- Installation Wall-mount (using single-gang wiring box)
- Protection Indoor
- Outlook Materials Plastic ABS frame, tempered acrylic front panel

Environmental Conditions

- Operating Temperature 0°C to 50°C
- Storage Temperature -20°C to 60°C
- Humidity 10% to 90% Non-condensing
- Water Proof IP54

Dimensions

- HBE-700D 90x142x38mm (outlook thickness 13mm)
